

CONSTIPATION IS A PENALTY OF AGE

Nothing is so essential to health in advancing age as freedom and normal activity of the bowels. It makes one feel younger and fresher, and forestalls colds, piles, fevers, and other dependent ills.

Cathartics and purgatives are violent and drastic in action and should be avoided. A mild, effective laxative, recommended by physicians and thousands who have used it, is far preferable. This is the combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle; a trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 456 Washington St., Monticello, Illinois.

GOOD NEWS FOR MADERA OWNERS

Since the receipt of a cable from the Madera Gold Mining Co. stating that the water had been gotten out of the mine and that much valuable ore had been exposed Hawaii shareholders of the company are today confident of big returns from the Madera stock.

J. Harris Mackenzie, secretary of the company, has sent word to Madera shareholders that he will soon return to Honolulu from the coast. The cablegram telling of the success met in getting the water out of the mine is as follows:

Madera mine unwatered to eight hundred foot level. Shanks and McCrosson just returned from inspection. They report that ore in sight justifies claims made by former owner. Ten thousand tons of \$12 ore exposed. Mining and milling will not exceed \$4 per ton. Will start sinking to one thousand foot and blocking out 20,000 tons of additional ore of same grade. Will also start crosscut connecting with Josephine vein to open important ore bodies in that mine.

DEATH COMES TO P. MUHLENDORF; FUNERAL TODAY

Well-Known Businessman Succumbs to Attack of Influenza After Brief Illness

The funeral of Paul Muhendorf, who died yesterday afternoon at Queen's hospital after a very short illness, will be held this afternoon at 4 o'clock from Williams' undertaking parlors. Mr. Muhendorf was one of the city's prominent businessmen and was well known in local sugar circles. He was a member of the Pacific club and the Oahu Country club. His only known relative in the territory is Mrs. Alois Gantenburg, a cousin.

Mr. Muhendorf was born in Thorm, Germany, in 1853, and came to the islands in 1884. He became connected with the Enterprise Mill company and was later associated with the firm of Allen & Robinson. He was the right hand man of "Sam" Allen, founder of the firm.

He was of a retiring nature, but his death is keenly felt by a circle of close friends. He was first vice president and manager of Allen & Robinson and a trustee of the estate.

The firm of H. Hackfeld and Company closes its offices at 2 o'clock this afternoon in respect to the memory of the deceased.

The pallbearers for the funeral this afternoon will be: James Jaeger, E. L. Spalding, E. F. Bishop, E. Wodehouse, J. M. Dowsett, H. M. Whitney, Dr. M. E. Grossman, J. F. C. Hagans, W. Lanz, H. Schultze, F. W. Klebahn and H. Focke.

Following the services, the body will be cremated and the disposition of the ashes will await the wishes of the family.

Death was due to a severe attack of influenza.

Speaking of Mr. Muhendorf, a long time acquaintance said today: "No one will ever know the extent of his generosity, for he never spoke of the charitable deeds he had done, but many a person in Hawaii has felt his kindness."

VENEZUELA GETS INTO COASTWISE TRADE, ONE TRIP

For the first time a Dutch-built vessel, but of American register under the act of 1914, is to be permitted to engage in coastwise trade for one voyage, between Honolulu and San Francisco. The steamer is the Venezuela, operated by the Pacific Mail Steamship Co., which under her registry was prohibited from engaging in the coastwise trade.

Orders to issue a permit for the vessel to carry freight and passengers from Honolulu to San Francisco on her voyage at the end of this month have come to Raymer Sharp, acting collector of customs, in a telegram from the director of shipping operations. The permit is to be for only the one voyage, of which the shipping board has approved.

Under the act granting the power of suspending the coastwise shipping laws, passed Oct. 6, the shipping board has the power to limit the removal of the coastwise restriction to any extent it wishes.

PASSENGERS EXPECTED

The following passengers are booked to arrive by the next Matson steamer:

LACK OF SHIPS FELT IN MANILA, SAYS VISITOR

T. Nimrod McKinney, manager of the Manila Commission Co., and the Manila Transportation Co., and Mrs. McKinney, are in Honolulu today en route to San Francisco. In their party are also Dr. Ramon Abril and wife, and Ara Pueo, well known in commercial and Spanish social circles of Manila, who are on their way to Spain.

McKinney reports that business conditions in Manila are booming and that the businessmen of the Philippine capital are mastering every situation brought about by America's declaration of war against Germany. "We can sell everything we can raise, but now have no bottoms with which to make delivery," he declares.

He speaks with praise of Governor Harrison, who he says is conducting Philippine affairs in a successful, satisfactory and praiseworthy manner. McKinney intends to enter the war service of the United States, but hopes to come back here and make an extended stay. He passed through here 18 years ago with the American army of occupation, when it was bound for the Philippines. He is an officer on the quartermaster reserve corps.

DUTCH STEAMER WILL TAKE MAIL

With 109 passengers in all classes, a Dutch steamer is in port from the Orient. There are more than the usual number of Americans included in the list, although the greater number are Hollanders en route home. Many of the Americans are missionaries from various parts of the Far East.

Officers of the shipstate that when the steamer left Yokohama the T. K. K. liner, Tenyo Maru, could be seen astride a sandspit at the entrance to the bay. They did not believe the ship's position was such as to cause much damage. Until they reached here they did not know the Tenyo had been refloated.

Rev. C. E. Cowman, president of the Oriental Missionary society of Japan, Korea and China, arrived on the Dutch steamer for a prolonged stay in Honolulu. He is accompanied by Mrs. Cowman and explains that he is here for a rest.

The Dutch steamer will take 500 tons of coal here and carry mail to San Francisco from Honolulu.

MORE WORK SOON AT HILO HARBOR

Plans and specifications for additional work on the Hilo breakwater under the latest appropriation of \$150,000 are being prepared in the army engineer's office, Hawaiian department.

The last bit of work on the breakwater under the preceding contract ended on Tuesday of this week, though most of the work had ended some days before that.

Work is said to be proceeding well on the dredging of the entrance channel to Honolulu harbor. It has been completed on the Waikiki side of the channel and the Ewa side will be finished by the end of this month.

James McQueen, a chauffeur, was adjudged guilty of contempt of court by Circuit Judge Heen yesterday and sentenced to serve ten days in jail. He failed to obey the court's order to pay alimony to his divorced wife.
